

**Notes:**  
 Lack of flow direction on map indicates that spills will pool around container with negligible migration prior to implementation of spill response measures.

The number of MFTs staged at the old ASP MFT Parking Area changes based on mission requirements. The number stored ranges from five to fifty 5,000 gallon MFTs, and one to ten 10,000 gallon MFTs.

The number of pieces of mobile tactical equipment varies based on mission requirements and ranges from one to five of each type.
